GOOD SIGN

There is a note of encouragement in the current financial letter of the National City Bank of Chicago, in which this observation is recorded: "Absorption of luxuries is still large but this is not the abuse it once was. The country as a whole is living more nearly within its means and although the working classes are spending freely, there is a growing conservation manifested in many quarters. The incentive for this is the burden of high commodity prices and the growth of thrift campaigns throughout the world."

The only thing short of the hardships of a panic that can bring the country back to anything like a normal basis with regard to prices is the conservation of money by the masses. So long as men and women buy freely of luxuries or high priced articles of the household, clothing or food at any figure the holder asks, so long will prices remain high.

The answer lies with the American people. They can bring down if they will be content to cut down luxuries to a minimum and go back for a time to necessities. There is a growing indication that the people see this thing for themselves and have begun to practice the lessons of thrift they have been hearing for months.

It is no consolation for the public railroad companies are responsible for the present railroad strike will have to suffer along with the balance of the people. While those who have quit their work may feel they have a grievance because of the delay in setting the wage question, for which neither the public nor the railroad companies are responsible they had no justification in taking such a radical step. Soaring prices and distress are sure to follow in the wake of this trouble, and as usual the dear public is to be the sufferer.

In the present unsettled condition this fact should not be forgotten: The use of force by one body of men to secure adjustment of their grievances encourages the use of force by every other body of men in like plight. If the use of force were to be resorted to generally, anarchy would soon reign everywhere and our boasted civilization would go down with the civilization of Babylon, Assyria, Egypt, Greece and Rome.

MINERS' SCALE IS BEING SIGNED

More than 10,000 miners will be affected by contracts signed by operators and Pittsburgh district officials of the United Mine Workers, after negotiation of several days. A contract effective for two years was signed with the operator of the Allegheny valley, who employ more than 7,000 miners. Conferences were also held on Monday with more than 10 of the smaller operators, during which special scales were successfully negotiated. President Robert R. Gibbons, of the miners, was very optimistic last night over the situation. More of the smaller contracts will be disposed of today, he intimated. Tomorrow a conference will be held with the Butler-Miner operators a Butler, with splendid prospects of an early agreement.

Demonstration of Fireless Cooking

Meats Roasted, Pies, Cake and Bread Baked Perfectly in an ideal Fireless Cookstove.

THIS week the women of this city will have an unusual opportunity of finding out what the remarkably efficient Ideal Fireless Cookstove can do in actual service. They will see it bake and brown more beautifully than their ranges do, and with only a fraction of the fuel their ranges require. An expert demonstrator from the Toledo Cooker Company will be here to reveal to them undreamed of possibilities in fireless cooking.

We want you to be among the women who will see and taste the delicious cooking results of the Ideal. We want you particularly, if you are not convinced of the convenience it will be to you; if you do not realize the time it will give you out of the kitchen, the greater comfort in hot weather, the economy in fuel and the added deliciousness of better flavored food.

The lectures of the demonstrator will convince you; will show you why the famous "Water Seal Top"—an exclusive feature—the Heat-

Merit That Makes Mileage —In Tires for the Smaller Cars

Such extraordinary competence and carefulness as are characteristic of all Goodyear manufacture likewise characterize Goodyear's building of tires for the smaller cars.

Only very unusual experience and endeavor make possible the high relative value built into the 30x3-, 30x3½-, and 31x4-inch Goodyear Tires in our Plant No. 2, the world's largest factory devoted to these sizes.

In addition to the larger sizes Goodyear builds, a daily production averaging 20,000 tires of these smaller sizes alone makes them easily available, regardless of the big demand, to owners of Ford, Chevrolet, Dort, Maxwell, and other cars taking these sizes.

If you are one of these owners, go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He carries a stock.

30x3½ Goodyear Double-Cure
Fabric, All-Weather Tread \$23.50
30x3½ Goodyear Single-Cure
Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag \$4.50

What Does "Kitchen Economy" Mean? Is it Found in Your Home?

A great many people think that "Kitchen Economy" means cooking without waste and they would be partly right—but only partly.

True Economy means making every dollar spent produce its utmost return in value. That's why

THE CHARLEROI MAIL

VOLUME XX—NO. 266

CHARLEROI WASHINGTON COUNTY, PENNSYLVANIA, THURSDAY, APRIL 13, 1920

TWO CENTS

WILL OPPOSE GRANTING OF "NEAR BEER" RETAIL LICENSES

Anti-Saloon League Presents Petition to Court Against Applicants

SAY LICENSE LAWS ARE REPEALED

The position of the Anti-Saloon league in regard to the granting of retail licenses to sell "near beer" has been made public in a remonstrance against those applications, filed with the clerk of courts, by Attorney John C. Judson, counsel for the trustees of the Plummer Temperance Fund. The league raises the question of the legality of granting such licenses, taking the position that the eighteenth amendment to the Federal constitution entirely prohibits the manufacture and sale under licenses and other restrictions of intoxicating liquors. It sets forth in the remonstrance that the two Pennsylvania license acts of 1887 and 1907 are thus repealed and annulled.

The league holds that the court has no power to attach any limitations or conditions to granting a license, or to limit or restrict the character or kinds of liquors the license shall permit to be sold.

In case this view is upheld by the court, then there will be absolutely no restrictions on the sale of the many so-called "near beers" in Washington county, and the same conditions will again prevail that have existed prior to November 1 last, when the court ordered unlicensed houses to cease the sale of "near beer."

The remonstrance finally asks the court to refuse any and all applications for a license of any kind, for want of jurisdiction over the same. There have been some 23 applications for retail licenses and five for breweries for the manufacture and sale of "near beer" in this county.

The position is taken by those in favor of the sale of "near beer" that it is a malt and brewed liquor, although non-intoxicating, and therefore comes under the Brooks law. There are grounds for this view in action of the district attorney last fall in ordering all places that sold "near beer" to close up except those holding retail licenses granted at the February term of license court. The application for these licenses will be heard by the court next week.

NEW YORK PAPERS CONSERVING STOCK

Owing to the rail strike and the inability to secure an adequate supply of print paper, the New York city papers have taken drastic steps to conserve their stocks. Their make-up was revised, a large amount of advertising omitted and size of type reduced. Papers all over the country are taking the same steps, and if present conditions continue for any length of time it is believed a number of papers will have to suspend. Print paper is now quoted at \$280 a ton.

"THE MIRACLE MAN" AT COYLE THEATRE FRIDAY

The unusual demand by the people of Charleroi and vicinity for a return engagement of "The Miracle Man" has made it necessary for the management of the Coyle Theatre to bring this wonderful picture to the Coyle theatre for one day only. Friday April 16th and it is expected that as many people as possible will attend the afternoon show so there will be sufficient accommodations for the large crowds that will attend this production in the evening.

It was with considerable difficulty that this picture was secured for the return engagement because the demands throughout the country for this production are such that it is almost impossible to obtain return engagements. Every place this picture has been shown it has been given unlimited praise and the motion picture patrons of this vicinity are not reserved in their praise.

Many people who are not regular attendants at pictures have found in "The Miracle Man" the very amusement in this picture to which they have been looking forward for some time. Cities have proclaimed it the master piece of the modern screen. Nothing like it has ever been shown and to satisfy the people of this vicinity in their choice of better pictures the Coyle Theatre is pleased to offer "The Miracle Man" for its last showing in this city, Friday April 16th. Those who were fortunate enough to see this production when it was shown at the Coyle theatre a short time ago have expressed a great desire to have many of their less fortunate friends witness the return engagement.

New Rates to Be Effective On The Dates Specified

The Public Service Commission the Bell Telephone Co., said last Friday that "we decided to let the rental rates of the Bell Telephone new exchange rates become operative May 1st, provided no questions were raised as to their reasonableness. Those questions have been raised and there will be a formal hearing by the Public Service Commission."

In the meantime, patrons of the telephone company apparently are back where they were when the company announced last week that "if you do not desire to continue service at the new rates, kindly advise us accordingly and please consider this a notice of termination of your existing contract." This notice to patrons was called "a threat and a subterfuge" by business men's associations.

That information was given on last night at Harrisburg by W. D. B. Ainey, Chairman of the Public Service Commission.

Mr. Ainey's statement comes as a big surprise in view of the statements made here last week by Public Service Commission officials to the effect that a hearing on the rates would have to be had before they could be put into effect.

Not only did the telephone using will fix a date early in May for a public read those statements with consummate interest, but officials of

TO DECIDE TAXI LICENSE IN TEST CASE

Has South Brownsville or any other borough in the state the right to exact a borough taxi license for the autos used for hire within the borough limits, is a question which the South Brownsville council, at its meeting Monday evening, decided to settle by means of a test case against the White Line Taxi company of Brownsville. The action, when taken, will be a friendly suit in equity and with the understanding of both parties that the suit is being brought merely to test the 1919 automobile law bearing on that question. Counsel for the taxi company had advised their client that they need not pay borough license. However, license for eight-cars at \$11 each had been taken out before the question came up in council. The action may reach the higher courts, in which event the ultimate decision would affect every borough in the state.

POTATOTES OFF MENU DURING HIGH PRICE

Restaurants in Elwood City have eliminated potatoes from their regular meal orders and those desiring spuds must order and pay for them in addition to the regular meal. This was done because of the shortage in the city and the high prices prevailing. The same steps are being taken in other towns.

EAST BETHEHEM DENIES CONTRACT

In an answer filed by the directors of the school district of East Bethlehem township to the writ of alternative mandamus issued upon them to accept certain pupils from Centerville, according to a contract with that district, it is denied there is a contract between the two districts, which East Bethlehem must provide school facilities for the children of Vestaburg who reside in Centerville.

It appears that until surveyed in 1917 it was believed that Vestaburg was in East Bethlehem township, but when the true state of affairs were made known there seems to have been some arrangement by which East Bethlehem took care of the school children, at the same time collecting the school taxes. This arrangement continued in force until last fall, when the schools at Vestaburg in East Bethlehem became overcrowded and it was necessary to refuse admission to some of the children from Centerville.

This action was the basis of the suit, the Centerville directors claiming that a contract existed that East Bethlehem should take care of the school children for the taxes which it was permitted to collect from Centerville residents living in Vestaburg. East Bethlehem township denies the existence of a contract, and the directors say they are within their rights in refusing admission to pupils from Centerville. The question will now be settled by the court.

WAITRESSES STRIKE AT WASHINGTON HOTEL

Waitresses at the Aud's House, Washington, went on a strike Monday and as a result the dining room of the hotel was closed for the day. The walkout was caused by a wage difference. The women presented their demands to E. A. Kelley, the proprietor, and he would not agree to their demands. Following his refusal to meet their figures the waitresses refused to work and the dining room was forced to close. The strike is one of the first of the kind to occur in Washington for years.

SECRETARY TO ENFORCE DOG LAW

County Treasurer R. G. Lutton is in receipt of a communication from the secretary of agriculture, calling his attention to the fact that "it shall be unlawful for any person to own a dog six months old or over unless such dog is licensed by the treasurer of the county in which the dog is kept."

As all justices of the peace are required to return their license blanks to the county treasurer by January 15, all dog licenses must thereafter be issued through the office of the county treasurer.

The communication to Treasurer Lutton concludes as follows: "The payment of dog license tax after January 15 does not relieve the delinquent dog owner from prosecution for his neglect to secure such license prior to January 15 of each year. This department expects the constables and other police officers to perform their respective duties as defined in the law."

From the above mentioned letter it would appear that the secretary of agriculture is taking steps to enforce the provisions of the dog laws of Pennsylvania this duty having been imposed upon him by the act of assembly.

Partial Resumption Began With the "Bummer" Last Midnight

CONDITIONS ARE IMPROVING

Passenger train service was partially resumed on the Monongahela division of the Pittsburgh and Lake Erie railroad Wednesday night, when the "bummer" left Pittsburgh for upriver points. This was the first passenger train on the Division since last Thursday, and it is believed to mark a general resumption of passenger traffic on the line. No freight is yet being moved on the Division, and it is not known when the officials will be able to start this feature with any degree of success.

Reports from a number of railroad centers this morning indicated a more hopeful feeling on the situation, as at quite a number of points men were returning to work. This is particularly true of western points, where men who left their posts last week, have voluntarily resumed their labors.

On the Monongahela Division of the Pennsylvania the conditions are believed to be somewhat better. It was reported yesterday that sixteen men had reported for work at the West Brownsville yards, while at Shreve Oaks there were a sufficient number of skilled men on hand to make up and send out a number of trains.

One crew was made up of five conductors, but the railroad officials were willing to utilize every man that reported, regardless of his position.

The road trainmen generally are sticking to their posts, and quite a number of freight trains were on the Division yesterday. Hopes are expressed that before the end of the week this number may be materially increased. The passenger service on the Monongahela Division, P. R. E., has not been affected in any way, the usual number of trains running on their schedules.

However, the general situation, while better, is far from satisfactory, and many men at various terminals will have to return before conditions are again normal.
